TO : MEMORANDUM FOR THE RECORD

DATE: 25 February 1953

FROM : Acting General Counsel

SUBJECT: Item for the Daily Log - 25 February (Wednesday)

25X1

Discussed with [] a problem of further TSS contracts with his company. Additional facts were elicited and it is believed that from a purely legal standpoint there may be a solution to the one program of immediate concern. [] was alerted to the law involved and the fact that it would be extremely improbable that any future contracts can be let with his company. A full memorandum on this subject is being prepared.
